Today, Sept. 3, Sunday, I logged in at 2:20 and responded to Diane Taheri's email request for Superfund site fact sheets.

While logged in, I also updated the Harvey response page with HQ news releases and re-posted and re-tweeted several items from HQ social media platforms.

I am logging out now, but it is my intention to monitor EPA's web page for a news release issued by TCEQ today at 3:38 pm as a joint release with EPA. When posted on EPA's news release page, I will re-post to the response web page.
